

INDIA'S FIRST IOT ENABLED, PREMIUM HAND SANITIZER DISPENSING KIOSK

Technology

Covid-19 pandemic has made us aware of the necessity of hand hygiene and demanded this practice into a habit. It is estimated that in the 'new normal' world hand hygiene practice will increase by multi-folds.

We are presenting you a Clearhand, India's first IoT Enabled, Premium Hand Sanitizer Dispensing Kiosk for your premises. Deep integration of Clearhand Kiosk, Cloud Storage and Android app is achieved through Internet of Things (IoT) technology. Real-time performance monitoring and seamless supply of WHO approved sanitizer is ensured via your smartphone.

Elegant design and best hand hygiene experience makes Clearhand a perfect hand sanitizer dispensing kiosk for your premier institute. Your employees, clients and guests will certainly feel confident at your premise. Once installed you just Go Fearless with Clearhand!

Operating guidelines

1. Put hands below the spray nozzle.

2. Rub your hands on each other.

3. Go fearless with Clean and clear hands
